

Paymo App - a powerful tool that everybody should (must) use

How to download ?

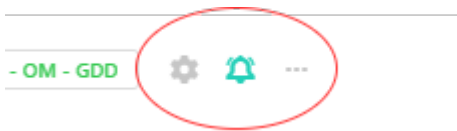

C'mon, you are working in a digital marketing agency, figure it out by yourself ;-)

Here is a link for the lazy among us ↓

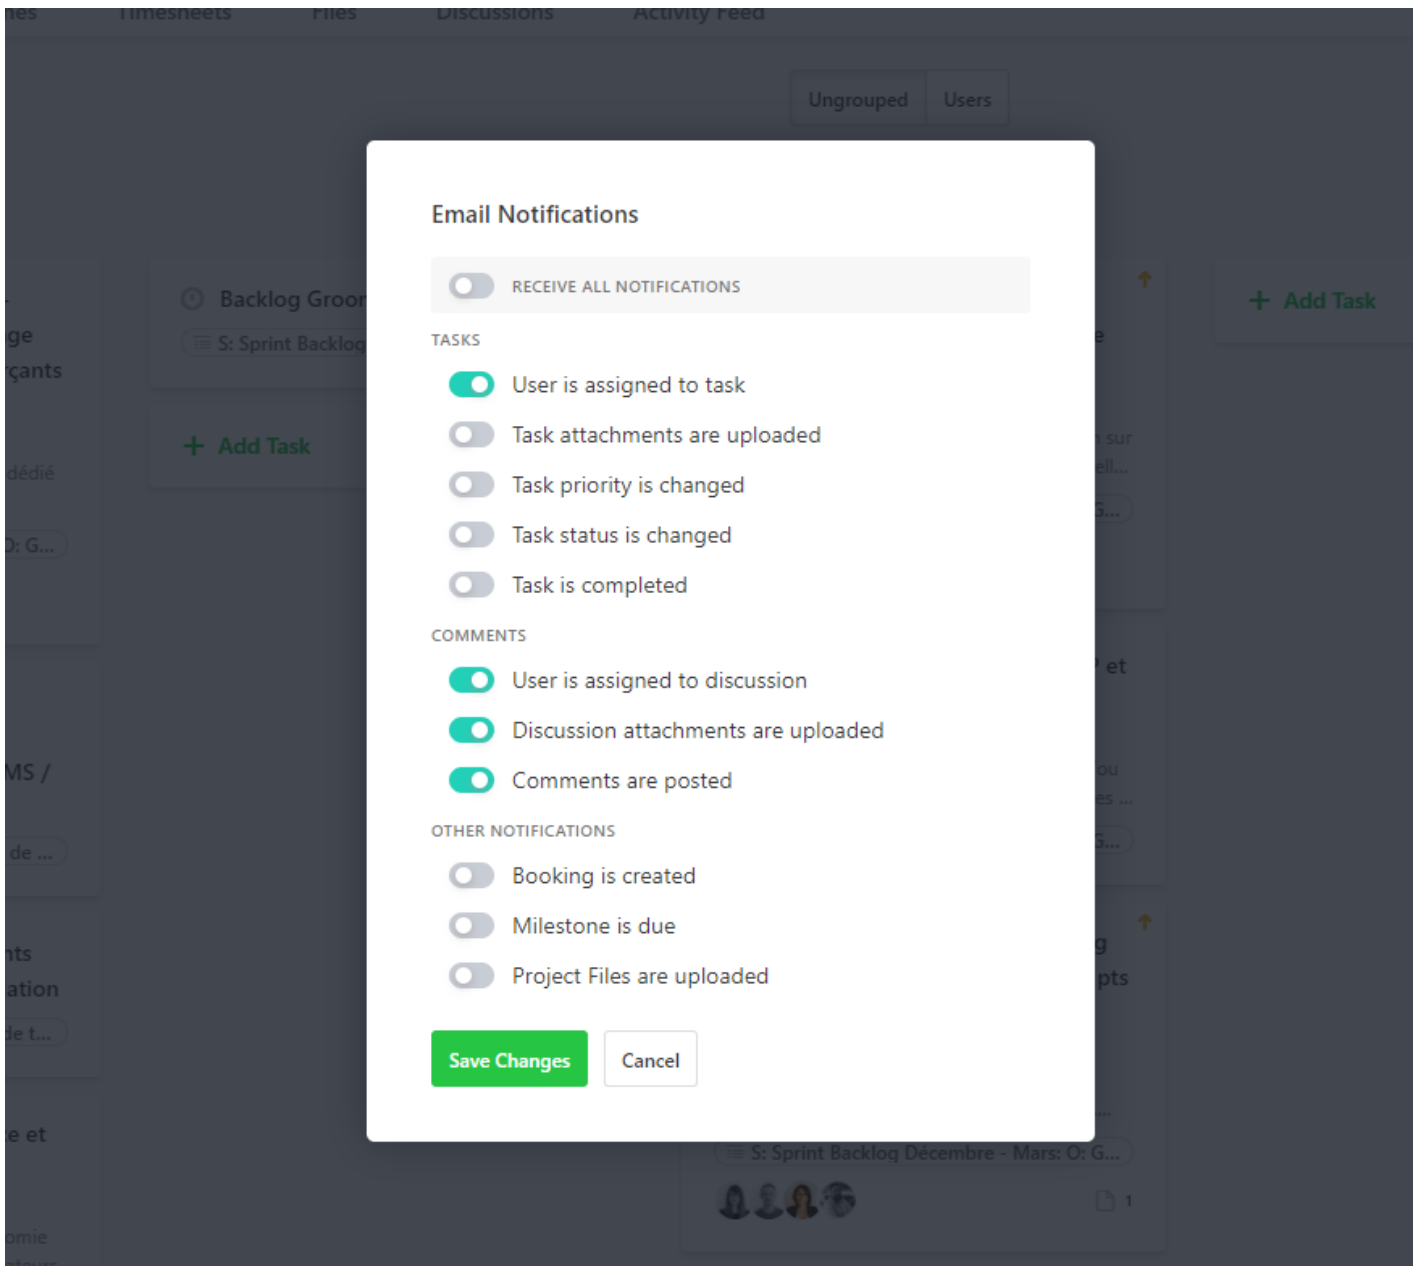

<https://www.paymoapp.com/downloads-and-integrations/>

How to use the app properly and how to set the push notifications ?

Click on this icon at the top of a project page.

Then make sure that all the notification settings are set correctly (of each project). Like this ↓

The mobile app in action

First active the "push notifications"
